About us...

Tracey's Treats is owned and operated by a family with Gluten Intolerance and Celiac Sprue. Our daughter, Tracey, was the first one in our family diagnosed with Celiac Sprue.

Believing there must be a way to make better tasting, better textured gluten free (GF) food than what was commercially available, we endured a lot of trial and error to develop GF food that even non-celiacs enjoy.

In Sept. 2005, Tracey's Treats began selling thaw-and-bake frozen GF foods in the Pittsburgh, PA region. Our frozen products provide not only a way for Celiacs to enjoy fresh baked GF food at home, but also a way for non-celiac friends, relatives, and institutions to provide fresh baked GF bread, without having to worry about the preparation and cross-contamination.

In Sept. 2006, at the request of customers, Tracey's Treats proudly introduced dry mixes, which can be shipped anywhere in the United States.

Tracey's Treats' goal is to enable all of us on a Gluten Free diet to enjoy eating tender, fresh baked bread products again.
